Non-Resident Camper Information

Students who choose to stay at home instead of living in campus housing are required to attend all rehearsals and daytime activities. Attendance at evening recreational events is optional for non-resident students; however, they are both welcome and encouraged to participate in these activities.

Non-resident students should eat breakfast at home, but may purchase lunches and dinners in the dining hall. Storage will be available in the camp office should they choose to bring their own meals.

Registration Advice

Please note that although the deadline for registration is June 16, students are encouraged to **register early**. The Wooster Music Camp is usually full almost three weeks prior to the registration deadline. Because of the need to balance instrumentation, registration may be closed for some instruments even before the camp is full.
